

CAREER OBJECTIVE

Hard-working with proven leadership organizational and design skills, and keen attention to detail. I am able to work alongside other talented professionals in creating support to the very highest standards. I have a high awareness of industry issues and trends, particularly in regard to accessibility, usability and emerging technologies. Technology is my key pursuit and working closely with organization that embraces technology helps me reach this.

EXPERIENCE

Moi University Annex Campus (Intern)

May 2019 – July 2019

Assigned in ICT support where I repaired students' computers, printers, configured and troubleshoot routers, access points, crimped and terminated both UTP & Fiber cables.
